A PREMIERE TELECOM CONSULTING, DESIGN & INTEGRATION COMPANY

**ABOUT US** 

LATEST NEWS

CAPABILITY STATEMENT

Design, Installation and Support for Local Area, Wide Area & Wireless Networks, Video, Network Cabling, Telephone, & CCTV.

### SERVING CLIENTS FOR OVER 35 YEARS

From the addition of one or two data or voice outlets to large enterprise data networks we can help you design and implement every part of your network infrastructure. A.J. Labourdette, Inc. is certified and trained in many different manufacturer's systems to be able to provide our customers with a variety of options as well as a variety of price ranges. From the smallest move, add, or change to the largest aerial or underground construction project, A.J. Labourdette, Inc. owns and maintains all of its own equipment, as well as maintains long standing relationships with a small group of locally owned and operated subcontractors to perform any size telecommunications project you may need.
